

The success of the first RCF call for expressions of interest!

The Regional Challenge Fund in the Western Balkan 6 had its first call for the expressions of interest opened from February 1st until April 30th. The call was encouraging the applications from consortia of vocational training institute and enterprises from WB6 economies, implementing cooperative VET courses that result in nationally recognized certificates.

The RCF is pleased to announce that 205 applications from all 6 Western Balkan economies were received.

Expression of Interest from 6 Western Balkan economies

Vocational training institutions

Enterprises

These consortia are now competing for investments in the infrastructure and modern machinery and equipment leading to an increased quality of market-relevant cooperative vocational education and training programmes. The grants will amount from 150.000 to 600.000 EUR.

Considering the limited funds available, the evaluation committee of the RCF is now posed in front of a fairly difficult task of preselecting the most promising proposals for the second phase of developing the full project proposals.

The predefined set of eligibility criteria will be applied to evaluate the received expressions of interest.
